EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance: Claims 26, 27, and 30-48 remain allowable for the reasons stated in previous Office actions. Applicant has amended independent claim 28 to include the limitation that the radiation emitted from the frequency conversion member must be in the range of from 0.1 THz to 100 THz. The most pertinent prior art (Huston et al) does not disclose or suggest radiation emitted from the frequency conversion member in this frequency range. As noted by applicant, an emitted frequency of approximately 666 THz is disclosed by Huston et al, but no emitted frequencies close to the now-claimed range. The Huston et al radiation source is thus patentably distinct from the radiation source claimed by applicant. Claims 28 and 29 are therefore allowed. Further search by the Examiner has uncovered no additional relevant prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning the merits of this communication should be directed to Examiner John D. Lee at telephone number (571) 272-2351. The Examiner's normal work schedule is Tuesday through Friday, 6:30 AM to 5:00 PM. Any inquiry of a general or clerical nature (i.e. a request for a missing form or paper, etc.) should be directed to
